COLD STORAGE ON THE GO

WHY COOLER TRAILERS

Our cooler & freezer trailer can easily be moved to wherever services are required. Have a broken down freezer and need a temporary solution? We have you covered! From emergency situations to fairs, festivals, and catered events, we provide a convenient walk-in cooler or freezer to store your food products.

FLAT RATE RENTAL

Our flat rate rental provides you with an exact upfront cost for our cooler trailer. This ensures you get your storage needs met for less cost! No need to worry about the cost per mile or hour. Our freezer/cooler trailer does not require diesel fuel, so it is more environmentally friendly than typical refrigerated trucks for mobile food storage.

TEMPERATURE CONTROLLED

We can deliver or you can pick up, our mobil cooler/freezer trailer to your location. Whether your needs are, temporary or long term, we provide the optimal solution with an on-site-temperature cooler/freezer trailer. Our cooler/freezer trailer is located at ground level, fits into a single parking space, uses a 208/240 single phase plug-in, and provides you with 24- hour access to your products while they rest in our temperature-controlled environment.

Medium Trailer 12' L X 7'

3 DAYS-- \$599

WEEK-- \$899

MONTH-- \$2,299
